

Things to ponder

- Why isn't phonetic spelled the way it sounds?
- Why are there interstate highways in Hawaii?
- Why are there flotation devices under plane seats instead of parachutes?
- Why are cigarettes sold in gas stations when smoking is prohibited there?
- Why do fat chance and slim chance mean the same thing?
- Have you ever imagined a world with no hypothetical situations?
- How does the guy who drives the snowplow get to work in the mornings?
- If a cow laughed real hard, would milk come out her nose?
- If nothing ever sticks to Teflon, how do they make Teflon stick to the pan?
- If you're in a vehicle going the speed of light, what happens when you turn on the headlights?
- Why do we drive on parkways and park on driveways?
- Why isn't "palindrome" spelled the same way backwards as it is forwards?
- Why is it that when you transport something by car, it's called a shipment, but when you transport something by ship, it's called cargo?
- If a black box in a plane is indestructible, why can't they make the whole plane out of it?
- Why is it that when you're driving and looking for an address, you turn down the volume on the radio?
- Why is it so hard to remember how to spell 'mnemonic?
- Why is it called a TV "set" when you only get one?
- Why does your nose run and your feet smell?
- Why does an alarm clock "go off" when it begins ringing?

A Year in the Life of the ASG

Rick Holloway

It all started simply enough. Three years advancing through the line, making plans and wondering if the year I was planning for would ever arrive, and questioning whether I was really ready to take on the position so aptly completed by so many Masons before me. Suddenly, I was elected as Associate Supreme Guardian for Job's Daughters

International, and a year which would indelibly impact my life commenced.

My travels this year took me to many places I had never been before, although I hope to visit each one again sometime soon. From having a moose walk out 25 feet in front of me while walking in a park in Alaska, seeing Mt. Rushmore, traveling all over Brazil, visiting with Masons during the annual communication of the Grand Lodge of the Philippines, experiencing the beauty of Australia, seeing parts of Canada that I have never seen before, standing at the base of a mighty sequoia tree in California, walking over the Mackinaw Bridge in Michigan, and seeing the hundreds of other places I've been this year have opened my eyes to sights I would have never seen had I not been in this position.

But the most remarkable thing I experienced were the thousands of Daughters and adults I met all over the (Continued on next page)

wonderful world of Job's Daughters. For those of you I met, I can only hope I touched your heart as you touched mine. If I didn't get a chance to meet you, please find me during this session so we can talk. I enjoyed hearing from each of you and the excitement you have for this organization and promoting its teachings renew my hope that the principles we support will continue on.

I went through 49 airports, accumulated over a quarter million frequent flyer miles, purchased about 130 Harley Davidson shirts, and spent 150 nights away from home. My wife was able to accompany me on several of my trips, so our first year of marriage was extremely busy. I wish to thank all of the people who graciously helped us through our visits, and I hope you know just how much I appreciate all you do for Job's Daughters!

More History Questions & Answers

Tomilynn E. Willits McManus, PHQ, PSG, Curator

It took me a long time to provide this answer, but I learned a lot!

Q. Have the Landmarks changed?

A. Grammatical changes have been made to the Landmarks since their inception in 1920, but no substantive changes have been made. First Annual Report of the Proceedings of the Supreme Guardian Council (SGC), pg. 5, reads: "The landmarks of the organization were laid at this time [October 20, 1920] and it was decided to organize." The Landmarks appear on pg. 65 of the Proceedings of the Third Annual Meeting of the SGC held October 1923. Grammatical changes appear in subsequent printings of the SGC Proceedings and the Constitution and Bylaws: 15th verse of the 42nd chapter became 42nd chapter, 15th verse; 'laws' became 'bylaws'; 'openbook' became 'open book' and then 'Open Book'.
