Never been to a quarter auction? It's easy.

- Auction items are valued from \$25 and up! Each item up for bid will be displayed for all guests to see.
- The auctioneer gives a brief description, retail value and how many quarters you will need to bid.
- To bid on an item worth \$25, simply put a quarter in the bucket and hold up your paddle.
- If you have more than one paddle, you must place a bid for each one.
- When all bids are collected, the auctioneer will draw a number. If the number drawn matches a paddle that is held up, that guest wins the item.
- If the number drawn does not match a paddle that was held up, the auctioneer draws again until the number drawn matched a paddle that is held up and that guest wins the item.
