The purpose of the Youth Protection Program is to provide an environment to support the growth and safety of the young women in Job's Daughters.

CAV training is designed to provide adult volunteers knowledge and skills to better work with Job's Daughters members. An initial full training is required for all CAV applicants.

Training topics will include basic JDI instruction, JDI Youth Protection Policy, Youth Protection Guidelines, general youth protection information and a review of reporting laws and resources in Missouri.

Direction will be given at the conclusion of your training on how to complete the process to become a Certified Adult Volunteer (CAV).

We are thrilled to have you be a part of this beautiful Order and we hope for you and our new members an experience that will last a lifetime.
